

## **SCelta DEL GATE DI ACCESSO AI “GIARDINI INDRO MONTANELLI” (AREA TECNICA DI PARTENZA E ARRIVO)**

I runner devono obbligatoriamente accedere ai **Giardini Montanelli** (dove si trovano i servizi prepartenza) attraverso **uno dei gate P1-P2-P3-P4-P6** visibili nella mappa a pagina 3.

Ciascun runner **può scegliere il gate preferito**, in base alle proprie esigenze logistiche, purchè vi sia ancora disponibilità di ingressi per quel gate. Per garantire una distribuzione uniforme degli atleti, infatti, su ogni gate verrà indirizzato un numero di maratoneti pari ad 1/5 del totale. La scelta del gate avviene **al momento del ritiro del pettorale** (o della richiesta di spedizione a casa dello stesso).

### **Ecco i nostri consigli sulla scelta del gate.**

**GATE P1 e P2.** Consigliati per chi arriva con la metro linea **rossa M1** proveniente **da Rho Fiera o Bisceglie** (fermata S.Babila), oppure con la metro linea **gialla M3** proveniente **da San Donato** (fermata Montenapoleone).

**GATE P3.** Consigliato per chi arriva con la metro linea **gialla M3** proveniente **da tutte le direzioni** (fermata Turati).

**GATE P4.** Consigliato per chi arriva con la metro linea **gialla M3** proveniente **da Comasina** (fermata Repubblica), con i **treni suburbani** (fermata Repubblica) o con i **treni regionali e alta velocità** (Milano Centrale).

**GATE P6.** Consigliato per chi arriva con la metro linea **rossa M1** proveniente **da Sesto I Maggio FS** (fermata Porta Venezia) o con i **treni suburbani** (fermata Porta Venezia)

**Nella mappa sono indicati i percorsi di accesso ai gate dalle varie fermate della metropolitana, con distanza e tempo di percorrenza medio.**

**Ricorda che i gate apriranno alle ore 7:00. Ti consigliamo di essere puntuale, i controlli di sicurezza potrebbero comportare tempi di attesa più lunghi di quelli a cui sei normalmente abituato.**

## **CHOICE OF ACCESS GATE TO “INDRO MONTANELLI GARDENS” (START/FINISH TECHNICAL AREA)**

Runners must access the **Montanelli Gardens** (where the pre-departure services are located) through **one of the P1-P2-P3-P4-P6 gates** visible in the map (page 3).

Each runner **can choose the preferred gate**, according to his/her logistic needs, as long as entry cards are still available for that gate. To guarantee a uniform distribution of the athletes, in fact, a number of marathon runners equal to 1/5 of the total will be assigned to each gate. The gate selection must be made **at the collection of the bib number** (or when bib number shipment is requested).

**Here are our tips on choosing the gate.**

**GATE P1 and P2.** Recommended for those arriving by **M1 red** metro line coming **from Rho Fiera or Bisceglie** (S.Babila stop), or with the **M3 yellow** metro line coming **from San Donato** (Montenapoleone stop).

**GATE P3.** Recommended for those arriving by **M3 yellow** metro line coming **from all directions** (Turati stop).

**GATE P4.** Recommended for those arriving by **M3 yellow** metro line coming **from Comasina** (Repubblica stop), by **suburban trains** (Repubblica stop) or by **regional and high-speed trains** (Milano Centrale).

**GATE P6.** Recommended for those arriving by **M1 red** metro line **from Sesto I Maggio FS** (Porta Venezia stop) or by **suburban trains** (Porta Venezia stop).

**The map shows the access routes to the gates from the various metro stops, with distance and average travel time.**

**Remember that the gates will open at 7:00 am. We advise you to be on time, security checks may involve longer waiting times than those you are normally used to.**
